

Large Medical Center Among \$1.2 Million In Newly Awarded Contracts For WPCS

EXTON, PA - (PR Newswire-First Call) – November 29, 2005 - NASDAQ: WPCS – [News](#)) WPCS International Incorporated (WPCS), a leader in wireless infrastructure services and specialty communication systems has announced that it has recently been awarded a variety of new projects totaling \$1.2 million for wireless infrastructure services and specialty communication systems. Some of the contracts awarded to WPCS are projects to be completed for Amtrak, National Grid, Dover Township Fire Department and the State of Ohio Environmental Protection Agency. Also, contracts were awarded for the police departments of New Brunswick, Marlboro, Bloomfield Township and Brielle, New Jersey.

Included in this announcement is a contract for WPCS to deploy two wireless point-to-point systems for a large medical center in New Jersey that provides a variety of comprehensive emergency, medical/surgical and rehabilitative services to its patients. The wireless solution deployed will provide high speed connectivity for voice and data transmission between hospital building locations.

Jim Heinz, Executive Vice President of WPCS International Incorporated, commented: "This particular medical center has always been a leader in deploying advanced technology to improve patient care. The platform WPCS provided met the current communication requirements of the medical center from building to building. By deploying this wireless network infrastructure, the hospital staff is now able to efficiently communicate in a high-speed wireless environment with multiple devices throughout several buildings."
