

\$2.6 Million in New Contracts for WPCS Includes Telemetry Application

EXTON, PA — (PR Newswire-First Call) – May 22, 2006 – NASDAQ: WPCS – News) WPCS International Incorporated (WPCS), a leader in design-build engineering services for specialty communication systems and wireless infrastructure, has announced that it has recently been awarded a variety of new contracts totaling \$2.6 million.

Some of the contracts awarded to WPCS include projects to be completed for the NYC Department of Transportation, Fleet Electric, Integron, AEPTEC Microsystems, Mohegan Sun Hotel & Casino and the U.S. Postal Service. Also, public safety projects were awarded for the police departments of New Brunswick and Point Pleasant, New Jersey and the fire departments of Winslow Township and Cherry Hill, New Jersey.

In addition to these contracts, a nationwide recycler has chosen WPCS/Quality Communications to provide wireless modems for a telemetry application. The company will deploy these wireless modems in their field locations and will retrieve data that will be used to analyze the operations and performance of their recycling process.

Jim Farkas, Sales Coordinator at WPCS/Quality Communications, commented: "We are discovering new ways to apply wireless telemetry and it is fueling the fast growth in this sector for WPCS. There seems to be an abundance of opportunities to design and deploy wireless telemetry systems in various types of industries. WPCS continues to develop its engineering skill set in this area and we look forward to more deployments in the future."

About WPCS International Incorporated:

WPCS provides design-build engineering services for specialty communication systems and wireless infrastructure including site design, product integration, trenching, electrical work, structured cabling, testing and project management. The company has an extensive customer base that includes corporations, government entities and educational institutions. For more information, please visit the website at www.wpcs.com.
